

Libertarians are the only Party that won't legislate your personal morality or economic equality. We are the only party free of the left-right gridlock of entrenched politicians.

- Let parents control tuition dollars so that schools improve through competition.
- Recognize marriage equality, as the Civil Marriage Protection Act would have done.
- Increase the number of health care options through tax incentives and by reviewing regulations.
- Enable patients' use of medical marijuana by enforcing Prop 215.
- Defend property rights and prevent eminent domain abuse by supporting Prop 98.
- Defend your right to keep and bear arms.
- Protect the environment with green pricing and congestion fees rather than bureaucratic regulations written by industry lobbyists.
- Join the nine other states that passed the Liberty Amendment, which sets a timetable for repealing the income tax, and restricts federal power to constitutional boundaries.
- Oppose ill-advised foreign interventionism.

Vote Libertarian for practical solutions based on principles of individual freedom, personal responsibility, voluntary cooperation, customer choice, and market

incentives. Stand up for the Bill of Rights and limiting the federal government to its Constitutional role of protecting liberty and justice for all - on American soil. Vote Libertarian, and win a free country.

California Democratic Party**

With the economy in a recession, fueled by the housing crisis, and Iraq and Afghanistan each in a quagmire, Americans are demanding change. Thousands have become part of the Democratic Party's grassroots because they want to see our nation emerge from eight years of mismanagement.

The Democratic Party welcomes new voters, and as always, welcomed Independents to vote in our presidential primary. We launched the Neighborhood Leader program to strengthen our voice and make a difference in the communities where we live.

By electing Barack Obama as president, increasing our majority in Congress, and electing more Democrats to the State Senate and Assembly, our Party will work to **create** a vibrant economy, **improve** education, **ensure** public safety and national security, **expand** access to health care, and **help** the struggling middle class.

Democrats will continue fighting for:

Responsible economic stimulation and job security for working Americans

A woman's right to choose

Protection of Social Security and Medicare

An end to the war in Iraq

Renewable, green energy independence

Join our network at www.cadem.org/signup.

Together, we will elect Barack Obama and the rest of the Democrats on the ticket, and continue building a better California -- and a better, more secure America.

The Peace and Freedom Party of California stands for democracy, cooperation, and sharing. We want to organize and educate the public to work together to meet human needs.

The party believes the role of government should be to make sure that everyone has jobs, housing, education, health care, and equal rights. We support marriage equality, immigration rights, organized labor, and universal single-payer health care. We call for protection of our civil liberties and for protection of our environment. We strongly oppose the current U.S. military actions in Iraq and Afghanistan.

Our top priorities are:

1. Bring all troops home now.
2. One system of free, quality health care for all.
3. Double the minimum wage to provide a decent standard of living for everyone.

American Independent Party Statement of Purpose

The American Independent Party is the party of ordered liberty in a nation under God. We believe in strict adherence to written law. We believe the Constitution is the contract America has with itself. Its willful distortion has led to the violation of our Tenth Amendment guaranteed right to limited government—which inevitably requires oppressive taxation. Its faithful application will lift that burden.

Freed from the lawless oppression of Liberal rule, we may then compassionately and justly use our energy and ingenuity to provide for ourselves and our families. We will then establish truly free and responsible enterprise and reassert the basic human right to property.

We believe in protecting all human life however weak, defenseless, or disheartened; endorse the family as the essential bulwark of liberty, compassion, responsibility, and industry; and declare the family's right and responsibility to nurture, discipline, and educate their children.

We assert the absolute, concurrent Second Amendment guaranteed individual right to self defense coupled with a strong common defense, a common defense which requires a national sovereignty not damaged by imprudent treaties. We oppose all illegal immigration.

We support secure borders and immigration policies inviting the best of the world to join us in freedom.
